

## Photography

The photographers also work closely with incident commanders and arson investigators to carefully document an emergency scene or evidence that may be used in court to bring a conviction to an arsonist.

Current members of the Broadview Fire Department photography division are:

Deputy Chief Jack Kowalski  
Lieutenant Jonathan Hoadley

The Broadview Fire Department has utilized it's own photographers in conjunction with other M.A.B.A.S. photographers for every fire or major incident within the village in 2010. The department photographers also assisted in developing this annual report by providing photo work taken throughout the year.

Respectfully submitted,

Lieutenant Jonathan M Hoadley
