The Broadview Fire Department continues to be a premier fire department due to the commitment and devotion to duty of its members. The entire department team is dedicated to providing the best life safety and emergency services.

The Broadview Fire Department averages over 2,900 emergency calls annually. These calls range from emergency medical services, structure fires, hazardous materials incidents, technical rescues, and other life-threatening emergencies. They also handle numerous calls for non-threatening activities.

It is the department's goal to reduce and control fire losses in the village, through an aggressive and comprehensive program of Fire Prevention, Public Education, Fire Suppression, and Training. The Broadview Fire Department has, in all cases, succeeded in implementing programs to answer these challenges while remaining focused on its main goal of protecting life and property.
