FUND STRUCTURE AND DESCRIPTION OF FUNDS

The financial transactions of the Village are reported in individual funds. A Fund is a fiscal and accounting entity with a self-balancing set of accounts that records transactions that are segregated for the purpose of carrying on specific activities or attaining certain objectives.

Funds are organized as major funds or nonmajor funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories.

A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

a. Total assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and

b. The same element of the individual governmental or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.

c. In addition, any other governmental or enterprise fund that the Village believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

FUND STRUCTURE AND DESCRIPTION OF FUNDS

The Village reports the following major governmental funds:

General Fund - accounts for the Village's primary operating activities. It is used to account for and report all financial resources except those accounted for and reported in another fund.

<u>22nd and 17th Avenue TIF Redevelopment Fund</u> - is used to account for incremental real estate and sales tax revenues received from Village Square Tax Increment Financing District that are to be used for the development of the Redevelopment Project Area at 22nd Street and 17th Avenue.

<u>Roosevelt Road TIF Fund</u> - is used to account for incremental real estate tax revenues received from Roosevelt Road Tax Increment Financing District that are to be used for the development of the Redevelopment Project Area at Roosevelt Road.

Debt Service Fund - is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the payment of principal and interest on long-term debt other than TIF or enterprise fund debt.

<u>**Capital Projects Fund</u>** - is used to account for the resources accumulated and payments made for major capital purchased for governmental operations.</u>

The Village reports the following major enterprise fund:

<u>Water and Sewerage Fund</u> - accounts for operations of the sewerage and collection systems, and the water distribution system.

FUND STRUCTURE AND DESCRIPTION OF FUNDS

The Village reports the following nonmajor governmental funds:

Special Revenue Funds - used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes (other than debt service or capital projects).

Garbage Illinois Municipal Retirement Motor Fuel Tax Community Development Block Grant (CDBG) Emergency Telephone System 27th / 23rd Street TIF Redevelopment 17th Avenue North TIF Redevelopment 19th Street TIF Redevelopment

In addition, the Village reports the following fund types:

<u>**Pension Trust Funds</u>** - used to account for and report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans. Police Pension Fund Firefighters' Pension Fund,</u>

<u>Agency Funds</u> - used to account for and report assets held by the Village in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units.

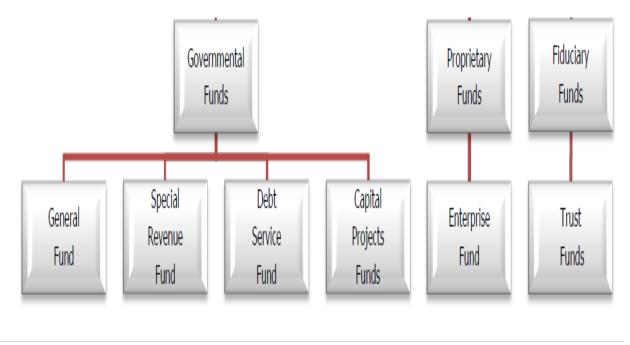

Governmental Funds (General, Special Revenue, Debt Service, and Capital Projects Funds) are budgeted and accounted for in accordance with Generally Accepted Accounting Principles (GAAP), on a modified accrual basis. This means revenues are recorded when they are both measurable and available, and expenditures are recorded when they are expected to draw on current spendable resources.

Proprietary and Fiduciary Funds (Enterprise, Pension Trust) are accounted for in accordance with GAAP, on an accrual basis. Revenues and expenses are recorded at the time they are earned or incurred rather than when cash is actually received or spent. In most cases, these funds are budgeted on the same basis with the following exceptions:

• Principal payments on long-term debt are applied to the outstanding liability for accounting purposes, but expended for budget purposes.

• Debt proceeds are accounted for as liabilities in the financial statements, however, are included as revenue in the budget.

• Capital items in the enterprise fund are recorded as capital assets for accounting purposes, but are treated as expenses in the budget.

The General Fund is used to account for all revenues and Expenditures used to finance traditional services associated with municipal government which are not required to be accounted for in other funds.

General Fund Revenues

General Fund Revenues are the taxes, fees, and charges that the Village assesses to provide services to its citizens. General Fund revenues are managed within the Village's General Fund, and are comprised of the following revenue categories:

- Tax revenues (e.g.- property taxes)
- Licenses, permits, and fees (e.g.- business licenses)
- Charges for services (e.g.- police reports)
- Grants
- Fines (e.g.- parking tickets)
- Other financing sources (transfer of resources from other funds)

General Fund Expenditures

General Fund Expenditures are the expenditures related to the performance of direct Village services, such as Police, Fire, Public Works and Buildings. General fund expenditures also relate to the performance of administrative services such as Finance, Human Resources, and Boards & Commissions.

General Fund Expenditures are managed within the Village's General Fund, and are comprised of the following expenditure types:

- Personal Services (e.g.- salaries and overtime)
- Employees Benefits (e.g.- health insurance)
- Commodities (e.g.- printing and office supplies)
- Contractual Services (e.g.- vendor service contracts, Telecommunications)
- Capital Outlay (e.g.- infrastructure, Fleet Management)
- Other
- Transfers (e.g.- transfer of resources from other Village funds)

Community Development Block Grant (CDBG) Fund is used primarily to support capital improvement projects (e.g., roads, sewers, facilities) for the Village.

The Community Development Block Grant (CDBG) program is the primary community development program of the federal government, and is funded by the U.S. Dept. of Housing and Urban Development (HUD). The main objective of the CDBG program is the development of viable communities including decent housing, a suitable living environment and expanding economic opportunities, principally for persons of low and moderate income. Cook County uses its CDBG funding primarily to support capital improvement projects (e.g., roads, sewers, facilities) and social services, including homeless prevention/intervention, development of public-private partnerships and planning. in suburban Cook County.

TIF funds are used to account for incremental real estate tax revenues received from TIF districts are used for the development of the Redevelopment area.

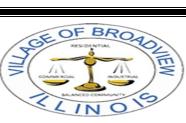

Funds are generated by growth in the Equalized Assessed Valuation (EAV) of properties within a designated district over a period of 23 years. When an area is declared a TIF district, the amount of property tax the area generates is set as a base EAV amount. As property values increase, all property tax growth above that amount can be used to fund redevelopment projects within the district. The increase, or increment, can be used to pay back upfront costs, or can be used on a pay-as-you-go basis for individual projects.

The Water and Sewer Fund accounts for revenues derived from residential water and sewer sales which are used to operate and maintain the Village's water and sewer system.

Due to its business-like nature, this fund is classified as an enterprise type fund.
